

HELISTAR

Rally Acropolis 2021

Airbus AS365

- The Airbus Helicopter AS365 Dauphin (Dolphin), also formerly known as the, is a medium-weight multipurpose twin-engine helicopter produced by Airbus Helicopters.
- The twin-engine Dauphin 2 did meet with customer demand and has been operated by a wide variety of civil and military operators.
- The Airbus AS365N3 is a fast twin-engine helicopter which can carry up to 5 passengers in addition to the pilot.
- It is probably the most luxurious helicopter for charter in Greece with its VVIP configuration and extreme leg space.
- It is possible to move all seats forward facing, leaving no room for discussions where to sit.

Airbus EC135

- The Eurocopter EC135 (now Airbus Helicopters H135) is a twin-engine civil light utility helicopter produced by Airbus Helicopters (formerly known as Eurocopter). It is capable of flight under instrument flight rules (IFR) and is outfitted with a digital automatic flight control system (AFCS).
- 1,400 EC135 have been delivered up to September 2020 to 300 operators in 60 countries, accumulating over 5 million flight hours.
- It is mainly used for helicopter *emergency medical services*, corporate transport, law enforcement, offshore wind support, and military flight training.
- The EC135 is operated worldwide for a broad range of missions, including HEMS, law enforcement, rescue operations and business aviation.
- The EC135 can carry 6 passengers (as commercial) or 4 persons including the patient (stretcher)
- Cruising Speed 250km/135kts, Service Ceiling 20,000ft/6,100m

Airbus EC120 (Colibri)

- The Eurocopter (now Airbus Helicopters) EC120 is a light single-engine helicopter which can carry up to 4 passengers in addition to the pilot.
- The EC120 Colibri helicopter also features very silent and comfortable design and a wide cabin which yields excellent visibility.
- Designed with simplicity in mind, the EC120 is both user-friendly and versatile. Its performance, comfort, cost-effectiveness and low noise profile make this lightweight helicopter the choice of private customers, corporations, law enforcement agencies and governments.
- Nicknamed the “eye in the sky”, the EC120 is a preferred helicopter for law enforcement operations, which benefit from its discrete operation, effective maneuverability and enhanced safety features.
